

Tacoma.

March 2nd 1889

Hon Daniel M. Fox.

Dear Sir.

In reply to my request for an extension of leave of absence sent you through Hon John A. Husband I received a telegram from him saying "that the matter was O.K. and satisfactory to Mr Fox" I have been waiting for a letter from him confirming said telegram, but it has not come to hand up to this time, Hence I take this opportunity of expressing my thanks to you for permitting me to stay here. Had I gone back last week I would have experienced very severe cold weather together with deep snows, We have had none of it

here. The temperature is very mild
 yet we can see snow every day
 in the year on Mount Tacoma -
 sixty five miles distant - though
 it does not look to be over three
 or four. You certainly must
 enjoy the magnificent mountain
 valley and water scenery to be had
 from this point - You would
 see nothing here as grand & beau-
 tiful as you did in California -
 I have sent you several papers,
 Hop you received them.

Very Respectfully.

Mary E. Dixon.

Hon. Daniel M. Fox

Dear Sir.

In reply to my request for an extension of leave of absence sent you through Hon. John A. Hinstead. I received a telegram from him saying "that the matter was O.K. and satisfactory to Mr. Fox. I have been waiting for a letter from him confirming said telegram, but it has not come to hand up to this time. Hence I take this opportunity of expressing my thanks to you for permitting me to stay here. Had I gone back last week I would have experienced very severe cold weather together with deep snows. We have had none of it here. The temperature is very mild yet we can see snow every day in the year on Mount Tacoma – sixty five miles distant – though it does not look to be over three or four. You certainly would enjoy the magnificent mountain valley and water scenery to be had for this point. You would see things here as grand & beautiful as you did in California. I have sent you several papers, have you receive them.

Very Respectfully,
Mary E. Dixan.
